

# Geography

## Entry Level

**WITH IT'S CHOICE AND FLEXIBILITY, THIS IS AN EXCITING GEOGRAPHY COURSE FOR BOTH YOU AND YOUR STUDENTS.**

### AN ACCESSIBLE CHOICE

Entry Level qualifications are designed to be accessible and relevant and they provide students with recognition for their achievements. They're targeted at different types of students, including adult returners, students on taster courses, those with learning difficulties, and students who are considered unlikely to reach grade G at GCSE.

### DESIGNED TO OFFER MORE FLEXIBILITY

The qualification has been designed to offer flexibility, as students can complete the two tasks at any point during the course and submit all the work together at the end.

It features four modern, key themes that provide clear and relevant learning outcomes.

There is the option of submitting work electronically via the OCR Repository, which allows students to present their work in a variety of formats, e.g. journals, oral decision-making exercises and videos.

### LOOKING TO THE FUTURE

Entry Level qualifications can also be the doorway to further qualifications for students, as once they have gained them, students can then further enrich their skills by more study.

# ENTRY LEVEL GEOGRAPHY

## COURSE DETAILS

We understand that students following this qualification may come from a diverse range of learning environments. With this in mind, the varied nature of the project task allows students to display their knowledge, understanding and skills in a wide variety of formats.

Unit	Assessment and duration	Weighting
