

RESOURCES LINK LEVEL 3

VERSION 1 JUNE 2012

HEALTH AND SOCIAL CARE

Level 2 and Level 3

WELCOME

Resources Link is an e-resource, provided by OCR, for teachers of Cambridge Technicals in Health and Social Care. It provides descriptions of, and links to, a variety of teaching and learning resources that you may find helpful.

In Resources Link you will find details of OCR's own support materials along with information about publisher partner, endorsed and other independent resources.

Where appropriate, we have mapped the resources to the OCR specifications, and provided information about their cost and format.

If you know of other resources you would like to see included here, or discover broken links, please let us know. We would also like to hear from you if you have any feedback about your use of these, or other, OCR resources. Please contact us at resourcesfeedback@ocr.org.uk

Types of Resource

OCR Produced Resources

These are resources devised and produced directly by the Resources Development Team at OCR.

Publisher Partner Resources

For many subjects OCR works with a publisher partner to ensure that good quality resources such as textbooks are available for first teaching.

Whilst the publisher partner has access to our subject experts and we quality check and endorse these resources they are produced by, and remain the property of, the publisher partner. There is no financial link between OCR and its publisher partners and we do not pay for the development of, or receive any royalties from, these resources.

Endorsed Resources

These resources were produced entirely independently of OCR, but we have quality checked them for their suitability as a resource to support our qualifications.

Other Resources

Unless specifically stated these resources are completely independently produced and are not endorsed by OCR. We have looked at them though, and we think they could be useful in supporting our specifications.

We leave it to you, as a professional educator, to decide if any of these resources are right for you and your students, and how best to use them.

You can now [click here](#), if you want to see an index of all resources mapped to subject topics, or alternatively flick the bottom right-hand corner of the page to start browsing.

LSIS - Learning & Skills improvement Service; Excellence Gateway

These are a series of clips of film that highlight a variety of communication barriers between the key client - Kamala and her key workers.

Supports: OCR Level 2 and 3 Cambridge Technical Certificate in Health and Social Care - Communication Units

Cost: Free

Format: Website

<http://tlp.excellencegateway.org.uk/tlp/shd/usingmultimedia/multimediaresourcesou/library/lifestories/kamalapages/videopages/index.html>

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Textbook

AS Level for OCR Health & Social Care
Neil Moonie, Heinemann 0435453696

This textbook covers promoting quality care, communicating in care settings and promoting good health.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 1

Cost: Approximately £20

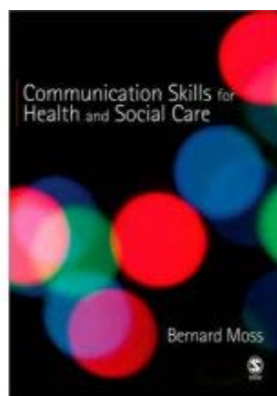

Format: Textbook

http://books.google.co.uk/books?id=m1lca4jAPQ8C&pg=PT76&source=gbs_selected_pages&cad=3#v=onepage&q&f=false

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Textbook

Communication Skills for Health and Social Care
B. Moss (Sage Publications Ltd)
ISBN 1412922852

This textbook has similar features to a dictionary and addresses many of the features associated with communication in health and social care settings.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care
Cost: Approximately £20
Format: Textbook

www.amazon.co.uk/Communication-Skills-Health-Social-Care/dp/1412922852

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

TES Resources

The TES educational resources have been submitted by teachers. Practitioners can download these resources and use them to support delivery of the Health and Social Care qualifications.

Supports: All Health and Social Care qualification delivery
Cost: Free - registration is required
Format: Website

www.tes.co.uk/health-and-social-care-secondary-teaching-resources/

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

About equal opportunities

This website explains the role of equal opportunities in everyday life, detailing equality and ability within the Health and Social Care sector.

Supports: OCR Level 2 and 3 Cambridge Technical Certificate in Health and Social Care - Unit 2
Cost: Free
Format: Website

www.aboutequalopportunities.co.uk

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Article: Dads get the rap for not pulling their weight at home

This is an article used to help students and teachers to identify stereotypes associated with male and female roles around the home. This is a resource that can be used to teach from or form the basis of student research on stereotyping.

Supports: OCR Level 2 and 3 Cambridge Technical Certificate in Health and Social Care - Unit 2
Cost: Free
Format: Website

www.lemondrop.co.uk/2010/06/30/dads-get-the-rap-for-not-pulling-their-weight-at-home/

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Channel 4 - Dispatches Programme

This is a clip of film which focuses on our treatment of vulnerable people in society. Having examined legislation the students can discuss the effectiveness of this legislation and the impact of it.

Supports: OCR Level 2 and 3 Cambridge Technical Certificate in Health and Social Care - Unit 2

Cost: Free

Format: Website / Youtube clips

www.channel4.com/news/serious-concerns-at-castlebeck-care-homes

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

The Guardian

This resource focuses on prejudice and discrimination during the aftermath of the Stephen Lawrence killing. Students may use this article to discuss the murder of Stephen Lawrence and the treatment of his friend following his murder.

Supports: OCR Level 2 and 3 Cambridge Technical Certificate in Health and Social Care - Unit 2

Cost: Free

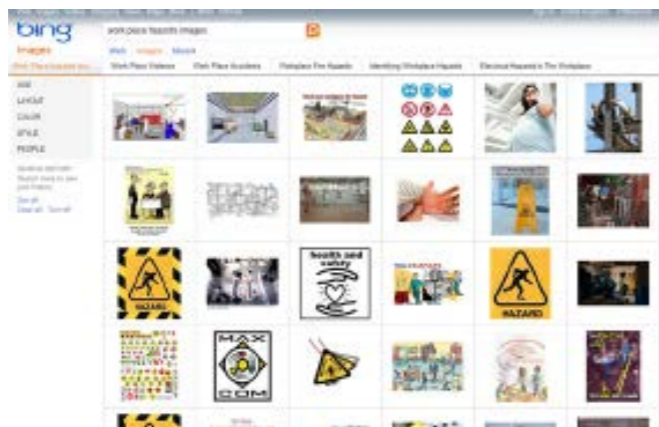

Format: Website

<http://gu.com/p/34gcf/tw>

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Bing: Work Place Hazards Images

This resource is on Bing and enables the students and staff to examine images that exemplify dangers in and around the workplace. This will support the students in identifying hazards.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 3

Cost: Free

Format: Website

www.bing.com/images/search?q=work+place+hazards+images

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

BBC News

This resource can be used to investigate the impact of poor health and safety measures within a health environment. The students can use this case study to identify measures that could be undertaken to ensure that this situation does not happen again.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 3

Cost: Free

Format: Website

www.bbc.co.uk/news/health-11696735

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Dudley News

This newspaper article can form the basis of a second case study that students can use to identify the impact of this breakout on patients, staff and visitors. The students can also make suggestions in relation to how the management could respond to this outbreak.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 3

Cost: Free

Format: Website

www.dudleynews.co.uk/news/4862069.Hospital_ward_closures_following_Norovirus_outbreak/

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Health and Safety Executive

This website can be used as a resource to develop students' understanding of 'risks' at work. It also provides students and teachers with a template that they can use to develop their own risk assessment.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 3

Cost: Free

Format: Website

www.hse.gov.uk/risk/assessment.htm

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Placement Survival Guide - practice tests

This is an online test that checks understanding of hazards in the workplace. This will check knowledge and understanding of a variety of health and safety issues that could arise in a placement setting.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 3

Cost: Free - Registration is required

Format: Website

www.placementsurvivalguide.com/practice_test/default.asp

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Health and Safety Legislation

This website is designed to support individuals to understand the nature of Health and Social Care legislation and its importance in relation to ensuring safe working environments.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 3

Cost: Free

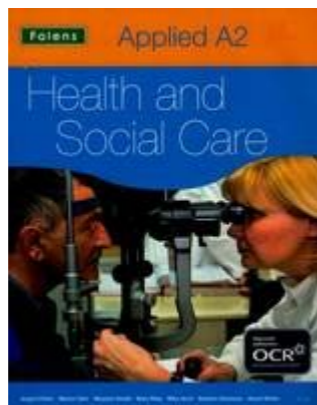

Format: Website

www.healthandsafetylegislation.co.uk/

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Textbook

Applied Health and Social Care: A2 Student Book for OCR
S. Seamons (OUP Oxford)
ISBN 1850082484

This is a textbook that has been developed with a focus on supporting the content of OCR's Health and Social Care qualifications. This resource will support students to address the assessment criteria whilst completing this unit.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 4

Cost: Approximately £25

Format: Paperback Textbook

www.amazon.co.uk/Applied-Health-Social-Care-Student/dp/1850082480

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Textbook

A2 GCE Health & Social Care Student Book for OCR
Neil Moonie, Heinemann 0435352938

A textbook that has been developed with a focus on OCR's Health and Social Care qualifications. It includes 'did you know' sections to encourage students to explore issues in greater depth.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 4

Cost: Approximately £25

Format: Paperback Textbook

www.amazon.co.uk/Health-Social-Care-Student-Book/dp/0435352938

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

You tube: BBC Child Of Our Times

This resource is significant for this unit, as it allows students to examine factors that may influence children’s development. Professor Winston follows the development of more than 10 children and studies their behaviour and character traits. He examines these in relation to additional factors that may impact on their physical and psychological development. These clips of film can support students to discuss and examine a variety of variables that may impact on development.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 4

Cost: Free

Format: Website

www.youtube.com/watch?v=wzS_k2_fdpk

resourcesfeedback@ocr.org.uk

Southern California College of Optometry: Basic physiological changes associated with ageing

This website has a number of resources that have been developed for the GCSE, but the content of these resources are transferable to meet the contents of the OCR Cambridge Technical qualifications. This website has a number of quizzes and activities that students can undertake.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 4

Cost: Free

Format: Website

<http://apps.scco.edu/ceonline/courseview.asp?selclassid=6&selID=38&selOrderID=4>

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

BBC Health

This website can provide students with information about the medical conditions that people in old age are more likely to develop. This website will identify the causes and impact on health and well-being.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 4

Cost: Free

Format: Website

www.bbc.co.uk/health/emotional_health/mental_health/

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Pocket Parent

This is a teaching and researching resource that identifies milestones in children's development from birth to five years old.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 4

Cost: Free

Format: Website

www.pocketparent.co.uk/child-development-babies-milestones.shtml?path=child-development-babies-milestones

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

BUPA: Cardiovascular system

This is a three minute clip of animation that describes how the heart works. It can be used to support the students to describe the structure and function of the heart.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 5

Cost: Free

Format: Website

www.bupa.co.uk/individuals/health-information/directory/c/the-cardiovascular-system

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Science Interactive Body

An interactive resource, in which students will be asked to rotate the organ to be correctly positioned and then place the organ on the human body in the correct place. The students will then be informed whether they have completed this correctly. The students could also click on the link to explain the function of the organ.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 5

Cost: Free

Format: Website

www.bbc.co.uk/science/humanbody/body/interactives/3djigsaw_02/index.html?organs

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

YouTube clip: How cells function

This is a six minute, 3D resource that exemplifies how cells work in the human body. This clip of film enables the students to develop an understanding of the process visually.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 5

Cost: Free

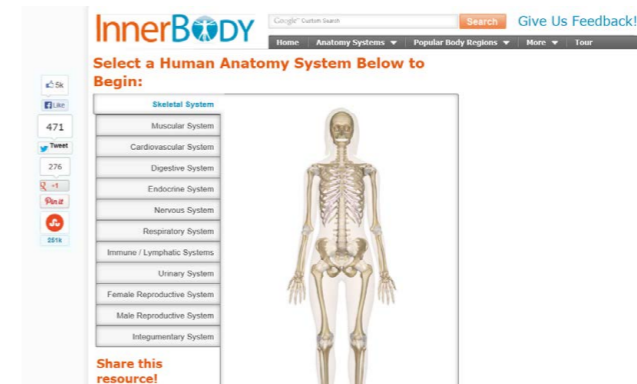

Format: Website

<http://youtu.be/LP7xAr2FDFU>

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Inner Body: Your guide to human anatomy online

This website has a number of resources that outline the main function and purpose of the main body systems.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 5

Cost: Free

Format: Website

www.innerbody.com/htm/body.html

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

TES Resources

The Times Education resources link will support teachers to access resources that may be used in the classroom to deliver Anatomy and Physiology. These resources have been uploaded by practitioners.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 5

Cost: Free - Registration is required

Format: Website

www.tes.co.uk/taxonomySearchResults.aspx?keywords=Anatomy

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Teach PE

These are free online resources that support the delivery of Anatomy and Physiology. These resources address the main body systems identified in the content of unit 5.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 5

Cost: Free

Format: Website

www.teachpe.com/anatomy/index.php

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

Biology Guide

This is a website that has been created for A-Level students to use in relation to human biology. It provides students with information on body systems and functions. It is user friendly and supports the content of this unit.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 5

Cost: Free

Format: Website

www.biologyguide.net/

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at

resourcesfeedback@ocr.org.uk

NHS choices

This website can be used as a resource to support student knowledge of conditions or treatments needed if body systems do not function 'normally'.

Supports: OCR Level 3 Cambridge Technical Certificate in Health and Social Care - Unit 5

Cost: Free

Format: Website

www.nhs.uk/conditions

If you know of any resources that you think should appear here, or if you identify broken links please let us know. We would also like to hear from you with your feedback about your use of any of the resources listed here. Please contact us at
