Unit Code	G059	Unit Title	ICT solutions for people with individual needs		
Centre Number		Centre Name			
Candidate Number		Candidate Name			

Evidence: a report or presentation for ICT solutions which assesses the needs defines ICT solutions and evaluates the solutions in response to three case studies. Each of the individuals in these case studies will have different needs and candidates need to include one case study that relates to an individual who has sensory needs. The candidate's evidence needs to: show an understanding of legislation and the rights of each of the individuals in connection with the candidate's ICT solutions; show a clear understanding of the disabilities or limiting factors and resultant needs, identify and show suitable items of equipment and software as appropriate; evaluate the viability and effectiveness of the candidate's proposed solutions, indicating how the solutions will enhance the quality of life for each individual; present reports or presentations in a way that is suitable for the needs of the individuals outlined in each case study, or for a carer if the case study is that of a young child or a person with very limited understanding; for at least one case study, provide a specification for a complete system, to include configuration and customisation of software and equipment as appropriate and demonstrate that candidates can customise the available operating system and applications evaluating their actions and role in solving this problem.

Guidance on Completion of this Form

- One form should be used for each candidate.
- Please ensure that the appropriate boxes at the top of the form are completed.
- Please enter *specific* page numbers where evidence can be found in the portfolio, and where possible, indicate to which part of the text in the mark band the evidence relates.
- Enter the mark awarded for each strand of the marking criteria in the appropriate box and also enter the final mark in the total column.
- Add the marks for the strands together to give a total out of 50. Enter this total in the relevant box.
